The Macgregor Patio Home

By Goentzel Construction

Golf course luxury living meets affordability in this amazing new patio home by Goentzel Construction. Set among the beautiful driving greens of Terradyne Country Club, the backyard looks out onto luscious green rolling hills.

Inside you will discover an exciting open floor plan featuring a spacious gourmet kitchen, large dining area and hearth room. A pantry/craft room and main floor laundry add convenience. The master suite invites the outdoors in with a spectacular view while the master bath refreshes you with his and hers sinks, a large walk-in closet and separate shower and tub. The lower level can add even more living space with a recreation or media room.

Best of all, your new patio home at Dunning Hill is designed to be very low maintenance for many years to come so you can spend your time doing the things you enjoy.
